

The Passover and Exodus was the central event for Israelites: It was remembered in all generations as the great sign of God's love to His People. It was sung about in the Psalms, recalled by the prophets, and celebrated every year as the main celebration of the People of God. It was also the main event of the Old Testament to be fulfilled in the time of Christ, the Messiah of God:

In Jesus Christ the real meaning and purpose of the Passover and Exodus are revealed and accomplished!

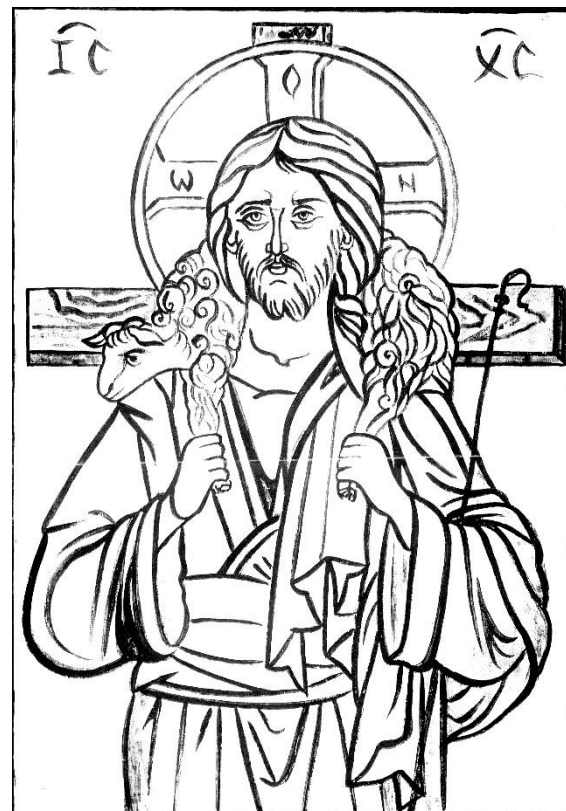

Παῦλ Πάσχα Πάσχα Passover

God, through Moses, ordered the Israelites to select lambs, to slay them and place some blood on the two doorposts and the lintel of their houses.

At midnight the Lord slew the Egyptian firstborn. The houses marked with blood were spared when the Lord passed over, saving the Israelites from slavery to the Pharaoh and allowing them to escape to the Promised Land.

Νέο Πάσχα Ηοβα Πάσχα New Passover

Out of His infinite love for us, Christ died on the cross so that we could be saved. Jesus Christ is Himself the New Passover. He is the Passover Lamb, which is slain for the deliverance of all people from the powers of evil.

The real "pharaoh" is the devil who holds people in slavery. The real saviour is Jesus who leads the people from the slavery to sin and death into the "promised land" of the Kingdom of God.
